

GEEWIN EXIM
QUALITY IS OUR NATURE

Mangō Pulp

Geewin Exim is a prominent exporter and suppliers of Mango Pulp, and other concentrates to markets of Europe, CIS and Asia. The major mango varieties like Alphonso and Totapuri are supplied by us from unit at Krishnagiri in Tamilnadu.

MANGO PULP AND CONCENTRATE: These mangoes are grown in a big way in south India and used mostly in the juice, bakery or bulk industries. Our unit in Krishnagiri gets the best of this pulp to you.

The product derived from fresh, sound ripe, Totapuri or Alphonso Mango fruit Product prepared by thermal treatment to render it "Commercially sterile" and completely free from any additives and any pathogens.
